NOTICE TO HUNTERS

In 2011, 44 VHF radio and GPS collars were put on caribou in the Itcha and Igachuz Mountains in Region 5, MU 5-12. Up to 20 collars were put on adult bulls. Hunters are asked not to shoot collared animals. GPS collars are light brown with a black battery pack at base; VHF collars are white. The purpose of this study is to gather information on bull and cow numbers, population trends, habitat use and caribou distribution on the landscape in response to the Mountain Pine Beetle epidemic. If found, please return to the Ministry office in Williams Lake (250-398-4530).

REGIONAL BAG LIMITS

▶ **Deer:** The bag limit for mule (black-tailed) deer is 2, but only one may be a buck. Antlerless mule (black-tailed) deer are under Limited Entry Hunting only. The bag limit for white-tailed deer is 1.

▶ **Wolf:** The bag limit for wolf is 3, except in MU's **5-1 to 5-6, 5-12 to 5-15** where there is no bag limit.

▶ **Bobcat:** The bag limit for bobcat is 1.

COMPULSORY INSPECTION & REPORTING

▶ In addition to those species requiring Compulsory Inspection or Compulsory Reporting provincially, all caribou taken in Region 5 must be Compulsory Inspected. See page 21 for requirements.

FIREARMS RESTRICTED AREAS

WILDLIFE PERMITS & COMMERCIAL LICENCES

Since 2004, the Ministry's Permit and Authorizations Service Bureau was the central bureau to process fish, wildlife, and park use permits. The Permit and Authorizations Service Bureau will no longer be providing this service. Effective April 1, 2014, FrontCounter BC will begin processing fish, wildlife, and park use permit applications through their 29 regional offices.

As FrontCounter BC staff already assist clients and process a number of natural resource applications, the addition of fish, wildlife, and park use permits fits with the scope of FrontCounter BC services and further enhances services.

The Ministry of Forests, Lands, and Natural Resource Operations is committed to integrating natural resource sector services and improving citizen's access to government services. Part of that improvement is to streamline permitting processing, decrease turnaround times, and eliminate red tape. Moving the fish, wildlife, and park use permitting to the 29 FrontCounter BC

office provides an efficient 1 window approach that will help prevent permit backlogs in the future.

Hunting licences continue to be available through retailers.

FrontCounter BC office locations and contact information can be found on the FrontCounter BC website at www.FrontCounterBC.gov.bc.ca by clicking on the 'where' button.

Clients can also contact the FrontCounter BC Contact Center with enquiries by calling 1-877-855-3222.

FrontCounter BC offices are located in 100 Mile House, Burns Lake, Campbell River, Castlegar, Chilliwack, Clearwater, Cranbrook, Dawson Creek, Fort Nelson, Fort St. James, Fort St. John, Kamloops, Mackenzie, Merritt, Nanaimo, Port Alberni, Port McNeill, Powell River, Prince George, Haida Gwaii, Quesnel, Revelstoke, Smithers, Squamish, Surrey, Terrace, Vanderhoof, Vernon, and Williams Lake.

NOTICE TO BEAR HUNTERS

In order to ensure the sustainability of bear hunting, bear hunters are requested to:

1. Be patient. Don't shoot the moment you see a bear!
2. Observe carefully and select an adult, male bear, especially a male grizzly bear. Bears can look deceptively large. Adult males have larger home ranges and will tend to be encountered less frequently than females and younger males.
3. Be aware that there is no open season on any bear (grizzly bear or black bear) less than two years old or any bear in its company (e.g., the sow). Take the time to ensure that cubs are not nearby.

Small/Young Bears

- Appear to be "all legs".
- Frequently look over shoulder or turn around.
- More streamlined, pointed head.
- Ears look larger and closer together.
- Neck appears longer and thinner.
- Ears-to-nose lines form a skinny triangle

4. Be aware there is no open season on white (Kermode) or blue (Glacier) colour phases of the black bear.
5. Contact the nearest Ministry of Forests, Lands and Natural Resource Operations office immediately for important information if you shoot an ear-tagged or radio collared bear. See Ear Tags and Collars section, page 14.

All grizzly bear hunting is under Limited Entry Hunting (LEH). See LEH Synopsis for more information and an article on how to identify black bears and grizzly bears.

Large/Adult Male Bears

- Stocky legs
- Massive body with belly that hangs closer to the ground
- Slower, more deliberate movements
- Large, rounded head (like a basketball)
- Ears look smaller
- Thicker neck
- Ear-to-nose lines form an equilateral triangle
